go.osu.edu/yuntian

EDUCATION

The Ohio State University

Ph.D. in Computer Science & Engineering
Advisor: Prof. Srinivasan Parthasarathy

*Aug 2019 - Present
Columbus, OH*

University of Science and Technology of China

M.E. in Computer Science & Technology
Thesis: Research on Sampling Techniques for Large-scale Social Networks
Advisor: Prof. Kai Han

*Sep 2016 - June 2019
Hefei, China*

Xi'an Jiaotong University

B.E. in Computer Science & Technology
Member of the Special Class for the Gifted Young

*Aug 2010 - June 2016
Xi'an, China*

RESEARCH EXPERIENCE

Data Mining Research Lab, The Ohio State University

Graduate Research Associate

*Aug 2019 - Present
Columbus, OH*

- Research interests: network embedding, high performance computing
- Ongoing project: Multi-level distributed learning of graph representation
- Previous project: Embedding for identification in darknet markets

University of Science and Technology of China

Research Assistant

*Feb 2016 - June 2019
Hefei, China*

- Research interest: algorithm design for graph data analysis
- Topics included: clustering probabilistic graph, influence maximization, top- k personalized PageRank.

INTERNSHIP

Nokia Bell Labs, Ireland

Machine Learning Intern

*June 2020 - Aug 2020
Dublin, Ireland*

- Learning embedding of call flows for automatic anomaly detection in IMS

COURSES

Machine Learning
Data Mining
Network Science

Parallel Computing
High-Performance Deep Learning
Speech and Language Processing

TECHNICAL STRENGTHS

Languages Python, C++, C, Java

Frameworks Tensorflow, Horovod, PyTorch, Scikit-learn, OpenMP, CUDA, MPI
